Dear Tony,

Many, many thanks! On behalf of the attendees at WSAE's 2007 Annual Convention, I want to thank you for sharing your energy, wisdom, and expertise during your session on "Capturing the Minds of Your Members." Your program was filled with valuable and insightful information. Attendees gave it high marks both for content and enjoyment.

It was also a pleasure working with you. Thanks for being responsive and timely. And, above all, thank you so much for contributing to the success of the Washington Society of Association Executives' 2007 conference. We were thrilled to have your company and look forward to our paths crossing in the future.

Warm regards,

Donna Cameron, CAE
Executive Director
